SEAN F. MESCALL,

Plaintiff,

-in opposition to-

No. 22-cv-4557(LGS)

FEDERAL BUREAU OF PRISONS, et al,
Defendant(s)

**RESPONSE TO “ANSWER TO AMENDED COMPLAINT,” REQUEST
FOR DISCOVERY, INTERROGATORIES or ADMISSIONS OF FACT**

BACKGROUND I.

Attorney for the defendants GEO AND ORTIZ have failed to answer appropriately the truth and allegations promulgated by the Amended Complaint filed by Mescall on August 15th, 2022 because they “lack sufficient information.” Mescall is well trained in Federal law and seeks movement forward with respect to the matter including but not limited to trial.

ARGUMENT II.

Because the adversary failed to respond in a factual clear manner, Mescall agrees with their “lack of sufficient information” therefore moves the Court to issue full discovery including the preceding motion to depose recently filed 01/17/23, and interrogatories under FED. R. CIV. #33(b)(1). Against this backdrop, Ms. Ortiz, and attorney Michael Shay, are both sworn under the Constitution of the United States have yet have no clue what the Eighth amendment is, nor Due Process. Notably, this gives rise to the Court ordering Mescall to promulgate interrogatories, grant the former motion to depose, or both-whichever the Court feels appropriate, fair, equitable and cognizable within the scope of the matter at the expense of the United States.

CONCLUSION III.

Plaintiff Sean F. Mescall seeks an order from the Court for a full panoply of discovery FED. R. CIV. #33(b)(1). Accordingly, let's litigate in a fair equitable manner.
